

THE COLLEGE VISION 2017/2018

We have developed a vision that is transformational, allowing us to really 'change the way we do things around here'. We have transformed our learning model and always question what we do, even if we currently do it well. Our vision is centred on our core purpose of helping everyone achieve the best they can. Our values are designed to reflect the things that matter most to us and help us encourage and recognise staff, students, governors and parents.

Our Vision
