

# THE COLLEGE VISION 2017/2018

## We Expect Excellence

We aspire to achieve excellence in all aspects of our work. This includes:

- \* Adding significant value to all students as well as helping them to reach high standards
- \* Using our outstanding school status, our designation as a Teaching School and our Sports College work to support outstanding academic progress, outstanding teaching and learning, the development of leadership qualities in all, and healthy lifestyles.

## We Require Commitment and Respect to and from Everyone

- \* We will always work to see things through to the end. The success of our young people is paramount and we will seek to find solutions in all situations.
- \* Everyone will act as a good role model, respecting the talents and achievements, feelings and choices of others and having a positive attitude.

We Achieve This Through:

### Communication

- \* It is the responsibility of everyone connected to this College to ensure there is open, timely positive and highly effective communication designed to support outstanding progress.
- \* The College is committed to exploring the most appropriate means available to communicate our work and success

### Teamwork

- \* People working together to deliver and support learning:
- \* Students working with staff and each other to enhance their own and others learning
- \* Parents who work closely with their child and the College to support outstanding progress
- \* Staff working together for their professional development
- \* Staff working with staff in other schools to support them and learn from them

### Innovation

- \* Being prepared to take calculated risks to develop individuals and the organisation.
- \* Using ICT to support outstanding progress.
- \* Our work will be at the leading edge of development with an attitude that we embrace change and we utilise it for our own future success

### Community

- \* We are a community resource able to recognise and serve the needs of our local community to raise aspirations.
- \* We are part of a regional, national and international community preparing our students to be part of the global community

### Recognition

We have a culture where people recognise the achievements of others and celebrate them through praise and the reward structure

*Excellence in all we do*
