

# OUR SERVICES

We are proud to provide some of the very best Child Protection, Online Safety and Adults at Risk training within the UK. We offer basic Child Protection training, Online Safety for both children and parents, right through to Designated Safeguarding Lead training.

## WHAT WE DO

All Child Protection courses are carefully researched from the latest government guidelines and from procedures as provided by Local Safeguarding Children Boards. A variety of styles of delivery are used to cater for different learning styles - including sensory, auditory and visual. Each training session is tailored to suit the audience and varying combinations of the above methodology are used - depending on audience size and type.
