

# A LEVEL GEOGRAPHY INDEPENDENT STUDY

- Get the **BBC** news app on your phones and add the Science and Environment topics.
- Create a glossary of **PHYSICAL** and **HUMAN** geography key words and definitions
- Find one current news story per week related to the topic you are studying. Be prepared to share it with the class.
- Purchase the white Hodder textbook - **AQA A Level Geography**. Use it as a reference book.
- Read local news stories in the newspaper or online. Try to find stories related to the topics covered - especially the human geography topics
- Read up-coming chapters and highlight areas that I need further clarification on
- Log on to subject exam board website and read specification- identify areas that you need clarity on
- Look at sample exam questions and the mark scheme, attempt question yourself
- Look at exemplar questions and read examiners feedback
