

# Careers Information

The school careers guidance leader is **Ms Lawrence** and her office is in St Claudine's block, next door to the library.

### Careers guidance?

It's never too early to start thinking about careers. Speaking to Ms Lawrence about your interests inside and outside of school can help you to identify possible career options which can then guide your subject choices at GCSE and Advanced level.

### Your education pathway

If you need advice on what courses are best to follow if you have a particular career in mind, then Ms Lawrence can help you identify them. Feel free to drop-in at break or lunch time.

### Careers fair

Years 10, 11 and 12 are able to speak to a wide range of employers and universities at our annual careers fair.

This is a great opportunity to speak to people already doing the jobs you might be interested in to find out what working in their field is really like, and what path to follow to get there.

### Work experience

In year 10 you will spend a week doing work experience. Ms Lawrence will advise you on writing a great CV and can also help you to find a suitable placement.

### Alumni

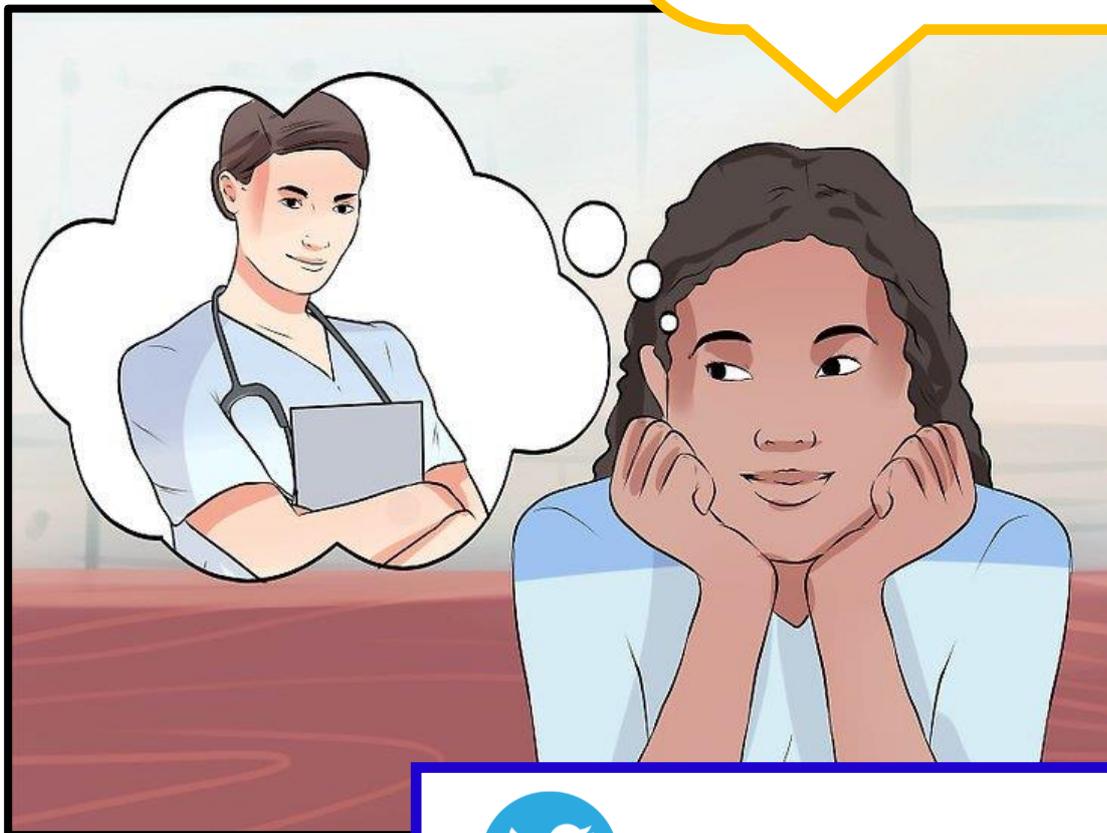

Ms Lawrence regularly invites girls who have left the school back to speak to current pupils about their career paths. It's great to connect with a role model who has been through the school and knows where you're coming from.

### Information

You can find some materials on careers and further education in the library.

More information can be found online using the websites on the back of this leaflet.

“The Careers room is the place to go to, to get help with future choices.” (Year 11 student)

**@CJMLCcareers**

The best career advice to give to the young is, “Find out what you like doing best and get someone to pay you for doing it.”

Katherine Whitehorn (Journalist)

## Useful websites

<https://www.startprofile.com> - a free, online careers platform, designed to connect 11-18 year olds with their future career potential

<https://www.careersbox.co.uk/> (a national careers video library where you have real people speaking about their jobs)

[www.ucas.com](http://www.ucas.com) - use to research courses available at university and to apply to apply for them.
