

Northumberland Church of
England Academy Trust

IMPORTANT NOTICE

It has come to our attention that there are some particularly nasty, very personal and hurtful comments circulating on social media.

The posts that staff have seen are of a bullying nature and do name the school and some parents/carers and members of this community.

Our children have reported to staff that they have seen these posts and so have been exposed to this unacceptable behaviour and foul language.

As an Academy Trust we will not tolerate this and any information brought to our attention will be shared with Northumbria Police.

While we can not control how anyone uses social media, please be aware of the impact posts like this may have on the people involved.

For information and guidance on social media settings etc, please visit our website for more information.

If you are affected or have been a victim please feel free to contact me directly or ring the Police on 101.

Sandra Brown
Safeguarding and Compliance Director
Northumberland Church of England Academy Trust
