

<b>Key Vocabulary</b>	BIDMAS, numerator, denominator, improper reciprocal, estimate factorise power/Index/Indices standard recurring, terminating error Intervals surd, rationale, reciprocal.	2D, 3D, area, volume, units of measurement, faces, vertices, edges, elevation, perimeter, hypotenuse, angle.	Frequency, data, continuous, discrete, correlation, anomaly/outlier, line of best fit, mean, median, mode, range, quartile, compare, sample, Population, cumulative, frequency density.	Certain, uncertain chance, even chance, equally likely, fair, unfair, likelihood outcome, possible, Impossible, probability probability scale random, Venn, intersection, union, tree diagram, product.	Solve, equations, linear, quadratic, Inequality, prove, intersect, Formula, simplify, inverse operations, order of operations, substitute, rearrange.	Acute, obtuse, reflex, straight Line, parallel, alternate, corresponding, co-interior, polygon, loci/locus, radius, diameter, tangent, invariant, rotation, reflection, translation, enlargement.	Co-ordinate, linear, quadratic, cubic, reciprocal, gradient, intercept, parallel and perpendicular, inequality, region.
<b>Homework opportunities to broaden or deepen student knowledge</b>	MathsWatch set online each week for all students.	MathsWatch set online each week for all students.
