

### **Harton Primary School Values**

At Harton Primary School we promote democracy through the work of our School Council. All our pupils are involved in an election process and contribute to the agenda of School Council meetings.

The rule of law and individual liberty are taught across the key stages through the Personal Social Health and Citizenship curriculum.

Our R.E. curriculum and Social Moral Spiritual Cultural work contribute to a mutual respect and tolerance of different faiths and beliefs and is reinforced through external visits and visitors in school.
