Improvements

- I would like to see activity homework.
- More communication with parents.
- More support for struggling children in the classroom.
- Children who are struggling with their educations should not be ignored.
- Better communication with parents e.g. trips too short notice
- Support from teachers
- I feel more homework should be given from a younger age around spellings, numbers and writing. I feel this would help the children as they move through the school. It would also be nice to know a bit more about the new teachers, for example, where they have taught before, how long they have taught for etc. Just so we know a bit more about who is teaching our children.
- How well my child is coming on with his reading and writing
- The school itself is great, not sure about the Trust. To be run like a business, teaching is really good.
- Trust expectations around holiday approvals prior to arrival are somewhat confusing. School and teaching I'm really happy with.
- One thing I think could be improved is more emphasis on school sports teams i.e. football team.
- I don't feel like I know how my child is getting on at school. She tells me she is struggling but no one has informed me.
- One thing I would improve is more notice on things. When kids are doing things.
