

COVID-19 Update - 22nd March 2020

Following government guidelines we have been asked to keep the number of Frontline workers and vulnerable pupils in school tomorrow to an absolute minimum in line with the latest guidance.

In order to do so we will be contacting all parents / carers of these two groups today to ascertain if their children will be attending school on Monday or you have been able to make alternative arrangements.

A member of the senior leadership will contact you today
